

# HAMPTON ROADS' PREFERRED COSMETIC DENTIST

PROUDLY SERVING THE PENINSULA FOR 25 YEARS

Port Warwick Dental Arts was once again voted the winner of the Daily Press Reader's Choice Gold Award for Dentistry and we couldn't be prouder. Whether your needs range from straightforward, preventive care, to the more complex care of periodontal disease or the more captivating, personalized creation of the custom-designed smile of your dreams, *we are here to help.*

*Dr. Lisa Marie Samaha*

We are not simply dedicated to creating stunning smiles, we are also dedicated to the highest level of dental health. It is well established that dental health is an essential part of general health. When you are a patient of Port Warwick Dental Arts, you will become intimately aware of — and involved with — your dental wellness. In so doing, we know we will be able to help you improve and maintain total body wellness.

We are most grateful for the continued confidence you have shown in us as we have served the community for twenty five years with leading-edge technology and compassionate care. We look forward to many more years as Hampton Roads' preferred dental practice.

251 Nat Turner Boulevard, Newport News, VA 23606

As our way of saying thanks for 25 fabulous years of creating beautiful smiles in Hampton Roads, we are offering a **complimentary, one-on-one consultation** with Dr. Samaha to the first 25 people who call between now and October 31, 2007.

"In the years that I've been Dr. Samaha's patient I've seen many examples of her skill, her precision, her ability to combine balance and beauty with the most advanced levels of care. My expectations have been exceeded year after year."

*Jan Ledbetter Williamsburg, VA*

"She knew the best way to get my extensive treatment done faster and more comfortably than I expected, and the results were great. Dr. Samaha and her team are friendly, enthusiastic and obviously dedicated to giving their patients the best care with the most comfort."

*Dave Ledbetter Williamsburg, VA*

"From my first visit, Dr. Samaha was amazingly caring and thorough, not only in exploring my dental health, but my overall physical health. Having a bright, white smile is something to smile about, but it is invaluable knowing

that I have really healthy teeth and gums as well! I couldn't be happier to have a dentist who is as knowledgeable and truly compassionate as Dr. Samaha."

*Janna Posey Matherly Mathews, VA*

"Dr. Samaha completely revitalized my entire mouth. I feel healthier and more confident in my smile. She not only gave me the natural

white teeth I have always wanted, but she corrected all the dental health problems."

*Layla Shabeen Hampton, VA*

"As a result of Dr. Samaha's expertise and careful planning, years of damage and disease

were taken care of in just a few visits. After a full reconstruction of both my upper and lower arches, my gums became healthy, bad breath disappeared and my smile was set free!"

*Waseem Shabeen Hampton, VA*
